Call for Proposals

The INAIR Conference Planning Committee invites all members to share their expertise by proposing content for the [37th annual INAIR conference](#) occurring March 8 – 10, 2023. Proposals are now being accepted by the committee through **December 16th**.

[INAIR Conference Proposal Submission Site \(click here\)](#)

We encourage you to share best practices, lessons learned, technical skills, and research accomplishments with your colleagues from around the state. Discussion or panel sessions designed to explore current issues or brainstorm solutions to common problems are also welcomed. We are looking forward to receiving submissions on variety of topics, including:

- Assessment, Organizational Learning, Institutional Effectiveness
- Accountability and Accreditation
- Data Governance
- Data, Analytics, and Decision-Making
- Advancement of Diversity, Equity, and Inclusion, and Justice
- Career Developments and Competencies in IR Professionals
- IR-related Scholarship and Research Methods

We are also excited to add a *new poster session for graduate students* to the program. This session will introduce new professionals to the IR field while providing a place for students to share budding research ideas and scholarship using institutional data or applying an innovative statistical technique.

If you have an idea but not sure what format would work best? Feel free to reach out to Amy Ribera, INAIR Vice President and 2023 Conference Chair at akribera@iu.edu.
